Practical Information

Weather in May varies, usually quite sunny, temperature average 15.5°C (59.9°F) and an average low of 7°C (44.6°F).

For the boat trip, we recommend to bring a warm jacket. It is always colder on the water.

Travelling round Copenhagen: Metro is the fastest way to travel round Copenhagen

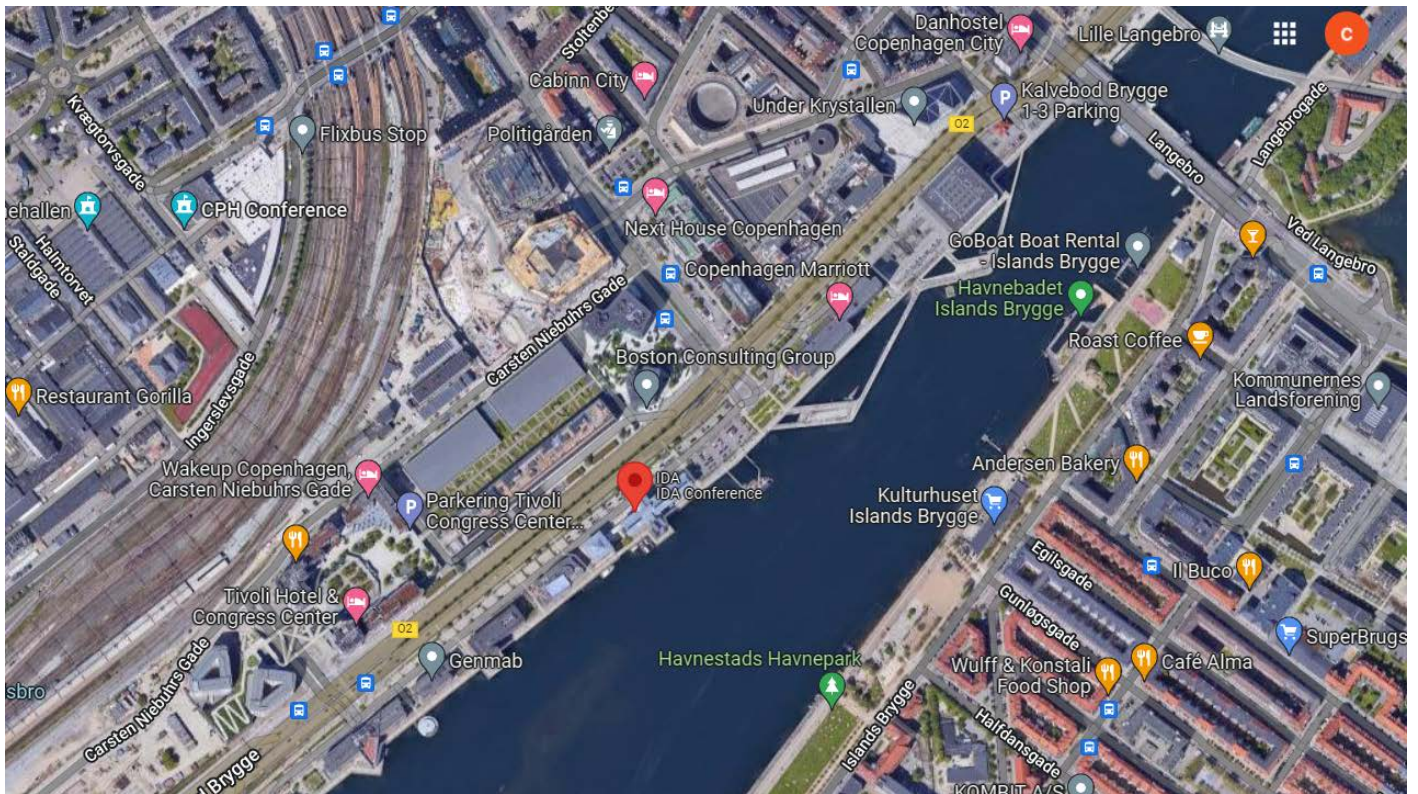

For more travel info see journey planner on [Rejseplanen](#)
